

# NIPA CONTACT SHEET

Issue 11 - November 2023

## President's Welcome

At Round 2 I asked for a show of hands to see who had looked at the last NIPA Contact Sheet. It was a disappointing to see about one quarter of the room had read the last issue. One of the things members asked for was more information on events and one of the ways to communicate that is via a newsletter. I guess we now process information in much smaller bites and maybe one of the reasons for low readership is that previous newsletters have had quite a few pages. It could be that there are too many clicks to reach the content. It could be that people who attended already know the information.

Now that the newsletter has been running for a year, it's time to try a shorter version. Ideally immediately after an event. I'll try that for next time, as I already had quite a bit to share in this edition. It does take quite a few hours to pull all the information together. I'd love some feedback to understand better, so I can get the level of information to a level that works. Drop a note to the NIPA Secretary with your thoughts.

Inside, have a look at Round 2. See the success of Mark Allen, Raymond Hughes, John Lambe and Stephen Brennan outside of NIPA. Consider entering the Portraiture competition or Masters of Print. Join in via Zoom for the Panels night and come along to the Roy Finlay Competition in Bangor this week.

## Statement Of Intent

Over the last 6 years. I have been developing a wildlife garden. My aim was to combine 2 of my passions. Namely wildlife and photography. To achieve this, I created a wildlife pond, a stream, areas for pollinators, a woodland area and much more. This journey has taken me in 2 different directions. Improving my photography and learning so much more about the wildlife that visits or has made a home here. The part that surprised me most was not the hares, the fox and other larger animals but the numbers and variety of much smaller visitors I have attracted and learned so much about. It is these I have chosen to dedicate my panel to and I hope everyone enjoys looking at them as much as I have enjoyed sharing my garden with them.

# Congratulations

**Stephen Brennan** LIPF of Dungannon and Cookstown Camera Club who gained his Licentiateship of the Irish Photographic Federation on November 18th, 2023.
